

## **TITLE 16. DENTAL BOARD OF CALIFORNIA**

NOTICE IS HEREBY GIVEN that the Dental Board of California is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at the Doubletree Hotel, 7450 Hazard Center Drive, San Diego, California, at 10:00am on June 13, 2007. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Dental Board of California at its office not later than 5:00 p.m. on June 11, 2007 or must be received by the Dental Board of California at the hearing. The Dental Board of California, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by Sections 1614 and 1645 of the Business and Professions Code, and to implement, interpret or make specific Section 1645 of said Code, the Dental Board of California is considering changes to Division 10 of Title 16 of the California Code of Regulations as follows:

### **INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW**

#### **Amend Title 16 of the California Code of Regulations, Sections 1016 and 1017**

Business and Professions Code Section 1645 specifies that the board may, as a condition of license renewal, require licentiates to successfully complete a portion of the required continuing education in specific areas adopted in regulations by the board, and that the board may prescribe this coursework within the general areas of patient care, health and safety, and law and ethics.

The purpose of the proposed changes is to clarify continuing education course requirements for licensees and course providers. The amendments would clarify that the mandatory reporter obligations for licensees as set forth in the California Penal Code may be included in mandatory courses required for license renewal.

The proposed changes would also clarify that courses in diagnostic protocols and procedures, charting, nutrition, disaster recovery, peer evaluation, administration of anesthesia or sedation, and courses relating to selection, use and care of dental instruments are allowed for credit for renewal.

Proposed amendments would allow continuing education credit for courses in cultural competencies such as bilingual dental terminology, cross cultural communication, public health dentistry and management of the special-needs patient, to better serve the dental needs of California's diverse population.

Some of the amendments will allow licensees to obtain continuing education credit for computerized dental office management or new technology designed primarily for improved patient care, required courses in teaching methodology, and courses in cultural competencies and management of the special needs patient.

Additional amendments clarify that courses relating to the purchase, sale or transfer of a dental practice, and courses pertaining to cosmetic enhancement outside the licensee's scope of practice shall not be recognized for continuing education credit.

#### FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Nondiscretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to Any Local Agency or School District for Which Government Code Section 17561 Requires Reimbursement: None

Business Impact:

The board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

#### AND

The following studies/relevant data were relied upon in making the above determination:

These regulations will allow continuing education credits to be granted to licensees for taking courses that are currently not specifically allowed, although these courses involve actual delivery of dental services and communication and cultural competency with California's ethnically diverse population. The regulations also clarify the requirements of the written certification that course

providers must submit to the board, and set board policy into regulation.

Impact on Jobs/New Businesses:

The Dental Board of California has determined that this regulatory proposal will not have a significant impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

Cost Impact on Representative Private Person or Business:

The Dental Board of California is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: None

EFFECT ON SMALL BUSINESS

The Dental Board of California has determined that the proposed regulations would not affect small businesses unless those small businesses were course providers of dental continuing education courses. If a dental continuing education provider that is a small business offered courses for dental licensees' renewal, that course provider would be able to offer a greater variety of courses and would be required to provide a sampling of the written certification issued to participants, indicate the course category and provide the 11-digit course registration number in the upper left hand corner of the certificate.

CONSIDERATION OF ALTERNATIVES

The Dental Board of California must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.
